

Cotton Slub Yarn & Cotton Combed Compact Yarn for Weaving

Kiran Spinning Mill, a key unit under the **Shree Ganesh Textiles** group, offers high-performance **cotton yarns** tailored for advanced weaving applications. Whether you're looking for unique texture or exceptional fabric strength, our **Cotton Slub Yarn** and **Combed Compact Cotton Yarn** provide superior results across varied end uses.

1. Cotton Slub Yarn:

Crafted with deliberate variations in thickness, slub yarn brings character and style to woven fabrics. Ideal for denim, shirting, home textiles, and fashion applications, it enhances fabric aesthetics while maintaining strength and quality.

Available Features:

- ✓ Slub lengths & intervals customizable
- ✓ Soft hand feel & high weaving efficiency
- ✓ Suitable for reactive, pigment, or discharge dyeing

2. Cotton Combed Compact Yarn (for Weaving):

Engineered for premium weaving performance, our **combed compact cotton yarns** offer higher tensile strength, reduced hairiness, and superior fabric appearance.

Available Features:

- ✓ Fine counts (Ne 30s to Ne 80s)
- ✓ Improved warp performance
- ✓ Low pilling & excellent dye uptake
- ✓ Ideal for high-speed looms

Spinning Technologies Used:

- Compact Ring Spinning
- Slub Attachments for Custom Effects

Applications:

- Denim & bottomwear
- Formal shirting
- High-end home furnishings
- Fashion & value-added fabrics
