

Polyester/Viscose Yarn (Virgin & Recycled Grade)

At **Kiran Spinning Mill**, we produce high-quality **Polyester/Viscose (PV)** yarns in both **virgin** and **recycled grades**, meeting the needs of modern textile and garment industries. Our PV yarns are crafted for superior strength, comfort, and durability—ideal for a wide range of applications.

With a combination of **in-house manufacturing** and **outsourced production under job work**, we ensure consistent quality, flexibility, and timely delivery. Kiran Spinning Mill operates under the ownership of **Shree Ganesh Textiles**, a reputed name in the Indian textile industry.
