

Viscose Yarn – Ring, MVS & Siro Compact

Shree Ganesh Textiles, as a leading name in the Indian yarn industry, offers a premium range of **viscose yarns** crafted to meet diverse industry needs in fashion, home textiles, and technical fabrics.

Production is carried out through our in-house job work at **Unit of Shree Ganesh Textiles** and carefully selected **outsourcing partners**, ensuring both quality control and supply chain efficiency.

Available Spinning Technologies:

- **Ring Spun** – Ideal for soft hand feel and versatility
- **MVS (Murata Vortex Spun)** – Anti-pilling, clean surface, lint-free yarn
- **Siro Compact** – High strength, reduced hairiness, and excellent finish

Specifications:

- Count range: **20s to 60s Ne**
- Formats: **Raw white, dyed, and dope-dyed**
- Available for **knitting, weaving, and embroidery** applications

Applications:

- Fashion apparel (tops, dresses, ethnic wear)
- Innerwear and activewear
- Scarves, stoles & dupattas
- Home textiles (bedsheets, curtains, cushions)
- Upholstery and furnishing fabrics

Why Choose Shree Ganesh Textiles?

- Backed by our own unit – **Kiran Spinning Mill**
- Strong sourcing partnerships for flexibility and scale
- In-house quality checks and product consistency
- Commitment to **eco-friendly and sustainable practices**

Whether you're looking for **in-house manufactured viscose yarn** or **custom-sourced qualities**, **Shree Ganesh Textiles** offers trusted solutions tailored to your needs.
